École Nationale Supérieure de Chimie de Lille from France visited NITech

On September 19th, Prof. Christel Pierlot and Director of International Relations, Ms. Zahia Turpin from École Nationale Supérieure de Chimie de Lille (ENSCL) visited NITech, and made a courtesy visit to President Ukai. They discussed future academic exchanges between ENSCL and NITech with President and Prof. Taga.

Ms. Turpin held an information session about ENSCL and guidance for study abroad. NITech students, faculty and staff members participated in the session and actively asked questions to Ms. Turpin. Following the session, Prof. Pierlot provided a lecture for NITech students.

Sharing student's ideas and opinions with President~ Campus Meeting in 2017~

On September 25th, Campus Meeting in 2017 was held at NITech.

This meeting has been held every year aiming to make better University by sharing opinions and free discussion among NITech Board Directors, including President, Executive Directors Vice-Presidents, Administration Bureau staff members and 43 students who are undergraduate, graduate and international students.

NITech implements the Class Evaluation Questionnaire and Campus Life Survey to the students; however, the response rate is low. This issue was chosen and discussed among students to improve the response rate. There were some suggestions from students and President and NITech staff members responded sincerely to the suggestions. It became an active opinion exchange meeting.
